**DETAILED ACTION**

***Allowable Subject Matter***

Claims 1-69 are allowed.

The following is an examiner's statement of reasons for allowance: The present invention is directed to a method and system for securing data transfers between an implantable medical device and a remote medical site. Each of the independent claims identify the uniquely distinct feature of using an encryption/decryption engine within a programmer device to encrypt/decrypt sensitive information of the implantable medical device residing within the programmer device and using an encryption/decryption engine within an expert data center for encrypting/decrypting sensitive information transferred between the programmer device and the expert data center.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
